Ever since the Oscar winning film, *Erin Brockovich*, we have been in love with the power, courage and strength within the woman behind the film's moniker. On Sunday, January 7th, 2018, Temple B'nai Israel brings the real Erin Brockovich to share some of her experience, offer insight to those seeking the courage to do what calls them (even when we are scared) and explain how she is still tackling environmental and human issues with gusto. Come hear one of the great "Davids" of our time who is still taking down the Goliaths. Erin is a mother, a fighter, a rebel, a woman and in many ways just like us. Join us for an evening of inspiration, celebration and breaking barriers to create a stronger world for us all.

with erin brockovich

It's been over 15 years since Julia Roberts starred in the Oscar-winning tour de force *Erin Brockovich*. The film turned an unknown legal researcher into a 20th century icon by showcasing how her dogged persistence was the impelling force behind the largest medical settlement lawsuit in history. Since then, Erin continues to fight hard and win big! As President of Brockovich Research & Consulting, she is currently involved in numerous environmental projects worldwide. She has requests for her help in ground water contamination complaints in every state of the US, Australia and other international hot spots.

Erin is one of the most requested speakers on the international lecture circuit and travels the world for personal appearances. She is a true American hero whose icon status, and "stick-to-it-iveness" only fuels her determination to expose injustice and lend her voice to those who do not have one.
